Contents

This chapter sets out the conditions for listing for investment funds and the information which is required to be included in the listing document. All investment funds must also comply with the relevant provisions of section I of these listing rules. This chapter does not apply to secondary listings of investment funds, which are regulated by chapter 7 of these listing rules. The main headings of this chapter are:

9.1	conditions for listing

9.80	listing application procedures
9.82	continuing obligations

CONDITIONS FOR LISTING

Incorporation

- 9.1 To be eligible for listing, an investment fund must be:
- (a) duly incorporated or otherwise established in the Cayman Islands;
 - (b) duly incorporated or otherwise established in a jurisdiction defined in chapter 1 as being a recognised jurisdiction for investment fund incorporation; or
 - (c) otherwise acceptable to the Exchange.

Sufficiently liquid market

- 9.2 A closed-ended fund must have at least twenty-five per cent. of its listed securities in the hands of the public at all times. For the purposes of this rule, “the public” shall mean persons who are not directors or substantial shareholders of the investment fund, or directors of a substantial shareholder of the investment fund, or an associate of any of them. For the purposes of this rule, “substantial shareholder” means any member who holds 10% or more of the securities to be listed. In exceptional circumstances, and where the closed-ended fund is not a retail fund, the Exchange may accept a lower percentage in the hands of the public if it determines that the market in the securities will still be sufficiently liquid and will still operate properly.

Whole class to be listed

- 9.3 Where none of the securities of a particular class are listed on the Exchange, the application for listing must relate to all securities of that class.

Management

- 9.4 The directors of the investment fund and the directors and key personnel of the investment manager must have, in the opinion of the Exchange, adequate experience and expertise in the management of investment funds.
- 9.5 The directors and key personnel of the investment manager and investment adviser (if any) must have adequate experience in the particular types of investment envisaged by the fund's investment policy and objectives. Adequate experience will normally be measured by reference to the amount and duration of funds under management.

Transferability

- 9.6 The securities of the investment fund must be freely transferable, but may be subject to certain transfer restrictions if they are adequately disclosed and approved by the Exchange. The Exchange will approve transfer restrictions that result from the securities not being registered under certain securities laws provided such restrictions are adequately disclosed. The Exchange will also approve transfer restrictions which seek to ensure minimum holding requirements.

Custodian

- 9.7 Where the investment fund is expected to invest in custodial assets it must appoint a custodian which is regulated in a recognised jurisdiction for investment fund incorporation or establishment to safeguard those assets. The custodian must be a separate legal entity from the investment fund, its directors, the investment manager, investment adviser and the investment fund administrator, but may be an associate of any of them.

Independent auditor

- 9.8 The investment fund must appoint an independent auditor to carry out the audit of its financial statements.

Administrator

- 9.9 An investment fund must be able to demonstrate to the Exchange adequate arrangements for calculating the net asset value of its listed securities or appoint an investment fund administrator to perform that function.

Net asset value

- 9.10 The net asset value of the securities must be calculated at least quarterly. The method of valuation of the assets should be in accordance with the applicable accounting standards for the investment fund.

Clearing and settlement

- 9.11 To be admitted to listing on the Exchange, securities must have an ISIN and securities of a closed-ended fund must also be eligible for deposit in an acceptable electronic clearing and settlement system including Clearstream, Euroclear, The Depository Trust Company or any acceptable alternative system agreed in advance with the Exchange.

Registrar and transfer agent

- 9.12 The investment fund must appoint a registrar and transfer agent in a financial centre acceptable to the Exchange.
